

Our Partner Programme is unique – rather than sponsoring a single event, partners are afforded opportunities for genuine, ongoing engagement with our members. We support this engagement by connecting members and partners through the Expert Hub of our Member Portal.

Our aim to create a stronger, more resilient leveraged finance market in Europe is supported through the initiatives, events, and resources developed by our members and our partners working together.

We are now over 55 member firms strong, representing over 900 individuals working within the European leveraged finance market.

We have also expanded our engagement within the market. We now have seven Initiative Committees representing investors in the high yield bond, leveraged loan, private credit and CLO asset classes. We also have an ESG Committee and Engagement & Compliance Committee. Our newest Restructuring Committee launched in November 2025.

Becoming a Partner

Our Expert Panel

We have an Expert Panel for financial advisors and law firms. Each of our Expert Panel Partners gain access to the following benefits, among others:

- **Unparalleled access** to our members through our unique Expert Panel page on our Member Portal facilitating direct dialogue between members and partners.
- **Present an ELFA Seminar Series event** to our members and your clients, whether virtual or in-person, on any topic relevant to the leveraged finance market.
- **Participate in workstreams** of our Initiative Committees and access those involved directly.
- **Unlimited ability to promote your events** through the discussion forum on the Expert Hub portal page.
- **Unlimited ability to post relevant resources** to Partner Resources via the Expert Hub discussion on the Portal.
- **A dedicated page on the public-facing ELFA website.**
- **Branding and content** included in ELFA's Annual Review.

Our Specialist Panel

There are also opportunities for other market participants to get involved in our work through our Specialists Panel. Participants in this category gain access to the above benefits, but choose between an ELFA Seminar Series event and a co-published Insights Series or Diligence Series resource.
